

Short Term Plan:

Submit an Allerton paper on June 15- July 10, 2018.

Long Term Plan:

- I want to apply for a Ph.D. defense in the summer, for example, the end of July or the start of Aug. Because I need two weeks to revise the paper in advance to submit the final version on *Aug 17st*.

- I can still publish papers even I already work.

1. A journal paper for example transaction of parallel and distributed systems.

2. CISS Conference. December 10, 2018.

Hi Professor, I think maybe these facts could help you to understand my situation:

1. I have an offer and H1B visa. Uber needs me to start to work in Fall and the H1B visa will be automatic valid at that time.

2. I have been at SBU for 5 years and 4 years in AMS department.

3. I want to rise myself to ease the heavy pressure of my family. My mom just recovers from cancer and the cost is too heavy for me.
