Unknown date | **Unknown author**

Information for Authors

Regular papers suitable for presentation in twenty minutes are solicited. Regular papers will be published in full **(subject to a maximum length of eight 8.5" x 11" pages, in two column format)** in the Conference Proceedings. Only papers that are actually presented at the conference can be included in the proceedings, which will be available after the conference on IEEE Xplore.

For reviewing purposes of papers, a title and a five to ten page extended abstract (two column format), including references and sufficient detail to permit careful reviewing, are required. Manuscripts can be submitted during June 15-July 9, 2018 with the submission deadline of Monday, July 9, 2018 being firm. Submit a paper now.

Authors will be notified of acceptance via e-mail by August 3, 2018, at which time they will also be sent detailed instructions for the preparation of their papers for the Proceedings. *Please Note: It has been a policy of the organizers since the inception of the conference *not to send reviews to authors of accepted or rejected papers* (for various reasons, including protecting the identity of the reviewers).*

**FINAL SUBMISSION DEADLINE: Final versions of papers to be presented at the conference are required to be submitted electronically by Sunday, October 7, 2018, 11:59 p.m. PDT in order to appear in the Conference Proceedings and IEEE Xplore.

***FINAL MANUSCRIPTS are *not* automatically generated from your original submission, and it is the author's responsibility to upload both the initial and final manuscript along with the IEEE standard copyright form.
